

Quizlet

Dear Guardians,

Quizlet is a resource to help students practice vocabulary and other skills that are often based on memorization. Quizlet offers students the opportunity to *practice and play* with words, times tables, and more.

We will be utilizing this resource in class as a way to practice vocabulary and spelling words.

I recommend signing your student up at home and joining our classroom set as extra practice at home. When you sign up and join our class set, your student can use that login information at school. Please write their login info in the front of their agenda. This can also help me to track their progress with our words for better instruction.

To sign up access quizlet through our classroom webpage or go directly to www.quizlet.com.

Get the App: <https://itunes.apple.com/us/app/quizlet-learn-flashcards-study/id546473125?mt=8>
